## Google Forms

**WHAT:** A ready-made internet form which the students can fill

**WHY:** The students learn to use a computer and e-mail, because the link to the form is sent by mail.

**WHO:** Students in preparatory training for independent living. The students can usually use computers, but logging in may need rehearsing.

**WHAT:** It is very easy to create exercises that include pictures, multiple choice questions, links etc. For a student it is easy to fill in an internet form.

**WHICH:** Each student needs a computer or a mobile device.

**HOW:** Try [forms.google.com](https://forms.google.com) for free. You will need a Google account, but the students can fill in the forms even without logging in.
