

Digi Teachers Working Online Toolkit

Ilias – a versatile learning platform

WHAT: Provide the learners with learning material and classes, which are useful for their subject. Provide the pedagogues with learning materials and classes, which are already implemented in the pedagogical sector.

WHY: Learners can save time and get access to the material anytime and anywhere. Teachers can save time.

WHO: Suitable for all the students with a mobile device/PC and internet.

WHAT: The platform is adaptable. The students have an easy access to their learning material. The pedagogues can present the material and adapt to the needs of the students.

WHICH: Each student needs a computer/mobile device. They can see the material from the PC.

HOW: Both learners and pedagogues need to have access to the platform. Check here how to start: <https://www.youtube.com/watch?v=T4sqycqPH5Y>
