

# Digi Teachers Working Online Toolkit

## Instagram Portfolio

**WHAT:** A professional Instagram account for reporting

**WHY:** To learn reporting on a familiar platform, to enhance professionalism and to give students digital skills of the future's work life

**WHO:** The students of restaurant and catering services (16+). They already have basic digital skills.

**WHAT:** The students learn to report about their work in a professional way. The progress becomes visible, and the feeling of empowerment and professionalism grows. During on-the-job learning the teacher has better possibilities to follow the student's work. It is possible to utilise the portfolio later when searching for a job. As a platform Instagram is familiar to most of the students.

**WHICH:** Instagram accounts

**HOW:** Start by rehearsing the use of Instagram at school. Talk about the professionalism and create separate accounts for professional purposes. Learn more: [instagram.com](https://www.instagram.com).
