

# Digi Teachers Working Online Toolkit

## Padlet

### WHY:

In Esment we use it for self-reflection and active learning.

- Allows to collect evidence and reflect on the most significant learning.
- Evaluation and learning acquisition strategy through the evidence of the activity they carry out.

Communication channel between the families and Esment professionals on the evolution and learning of the person.

**WHO:** The services of occupation, DUAL Training, pretraining, work with support, SEC (special employment center). We adapt the tool depending on the person/group/services.

**WHAT:** It is a space where the professional accompanies the person in the individual and personal work, so the person can recognize their achievements and learning needs.

**WHICH:** Computes, phone, tablet, email.

**HOW:** When student starts in a service they create an account on Padlet and start their portfolio. Each service uses it for different purposes and the names and setting of each portfolio are different depending on the services.
